

## Watch out, founders: KATANA provides €1.2 million for innovative ideas in agrifood

As of **1 December 2016**, the EU-funded business accelerator **KATANA** is searching for ambitious entrepreneurs, start-ups and SMEs with a great vision for the future of agribusiness.

Addressing agrifood, ICT and emerging industries, **KATANA** provides the best **100** applicants with **2,000 €** funding while the best **10** teams in terms of market attractiveness and performance will be granted **100,000 €** each. In addition to that, participants receive business services worth **20,000 €** including 14 pan-European matchmaking events, a three days onsite Bootcamp as well as an international Investment Forum.

**What?** Financial support up to **100,000 €**, business services and coaching worth **20,000 €**.

**Who?** Single entrepreneurs, start-ups and SMEs from agribusiness, ICT and specific emerging industries (eco-industries, mobile services and personalised health).

**When?** 1 December to 28 February

**How?** Shoot a two minutes pitch video that highlights:  
**Your background and experience**  
**Your understanding of the dynamics in the agrifood value chain**  
**Your vision for the agrifood sector**
